Play here. Looking for short lessons to keep your child engaged and learning? Our experienced team of teachers has created English, Math and Home Science classes, so your child to be an independent student. Let's start in the lesson below and then jump to our activities created by teachers to practice what they have learning loss at bay (or we think so).! Are you willing to start practicing immediately? Head to the bottom of the page to find the activities. Now... to the lesson! The legal requirement of the first stage for students of the key stage 1 should be able to correctly use the family and new score, including full stops, capital letters, exclamation marks, list commas and apostrophes in the year 2. If we are honest, this is something most adults can still be mistaken. In this article, we will destroy the teaching of the apostrophes when it is specifically about using that they are a fairly regular occurrence in daily discourse and writing. Follow these simple steps to help you understand and in turn help develop your child's skills in grammar. We are sure that if you follow this article through, you and your child will feel more confident when it comes to: 1)What contraction is 2) Explain why we use an apostroph when writing them 3) Apply this ability by the contractions scored correctly within your writing Step 1 - Learning the lingo! Before we arrive It is important that both you and your child understand the terminology used when teaching grammar. Apostrophe is a punctuation sign used to show possession or to show contraction. You can explain to your child that it looks like a coma that sits at the top, instead of on the line. Try to find examples in children's books to show them. Contracts are used every day by those who speak English. These are two words that have come together to shorten the word, but the meaning remains the same. For example: 1) it does not become non-be converted into 2) it does not become the contractions that are not used much in Daily Speech, so children will probably be familiar with most of these words, but they may not know where they come from or the grammatical term "Contraction" used to describe them. Step 2 - What is the work of a co-sponsor? You can help explain to your child that sometimes when we speak or write English, we can be a little lazy and we don't always need to use words in their full form. We found it helps put this in a context for Students at school. It is worth emphasizing the point that when we talk to our friends, we can be a bit lazy and shorten some words. Here are some of the most know there is a letter or letters missing in the word. A The apostrophe should go in place of the letter that we have removed. Example is not (we remove the ¢AAAo¢AAA) = A isn¢AAAt In this example, 'isn¢AAAt' is the contraction of 'is not'. The apostrophe goes in the exact place the letter is missing. We do this to show the reader that we know the word has been shortened and that we know where the missing letter should be. The apostrophe was placed above another letter this would be incorrect. 1) is \$\tilde{A}\tilde{A}\tilde{A} = not correct 2) isnt\$\tilde{A}\tilde{A}\tilde{A} = not correct 3) isn\$\tilde{A}\tilde{A}\tilde{A} = not correct 2) isn\$\tilde{A}\tilde{A}\tilde{A} = not correct 3) isn\$\tilde{A}\tilde{A}\tilde{A}\tilde{A} = not correct 3) isn\$\tilde{A}\tilde{A}\tilde{A}\tilde{A} = not correct 3) isn\$\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\tilde{A}\ti that in some cases we need to leave out more than one letter, but we still only use one apostrophe. Step 3 - Recognising Contractions andà the job of the apostrophe within it. To help improve your child's confidence before including contractions developing their understanding. Try getting your child to apply what they have learnt in step 2. Challenge them to put in the apostrophe in the correct place. Remember the apostrophe in the exact place the letter/letters are missing. 1) dont 2) wouldve 3) hasnt 4) howsà Step 4à - Putting it All Into Practice! It can seemà like there's a lot to remember. Make sure your child knows the contraction in its full form, often referred to as the expanded form. Try using both versions of the words when talking to them J I'm gonna go J #### n³Ãtob le ne cilc agaH ?o±Ãa ed sopurg o samet setnerefid ,sedadivitca s¡Ãm acsuB; !etnaleda eugiS¡Â ?atseif al ratse a av edn³ÃD;)4
